

Public Open House

A Drive Yourself Tour of 5 Local Farms

Spend a day in the country that's both fun and educational for your family. One can visit any or all of the five different stops along a 32-mile route through Delaware County. Along the way, you'll learn about agriculture and the variety of local businesses that help make farming a prosperous industry in the county.

Delaware County Farm Tour 2018

How to get around A map on the reverse side shows you the best route. You may start anywhere you like, although we recommend starting at #1 or #5 if you plan to see them all. It's up to you how long you spend on the tour, although we suggest you allow 3—4 hours.

Parking Please observe any parking instructions at the hosts' farms. We are their guests, and they are participating strictly as volunteers. Please drive carefully, and watch for pedestrians.

Refreshments Food and beverages will be on sale at some stops. Please be sure to use trash receptacles and respect the environment.

Restrooms Restrooms (portable toilets) will be available at each stop.

What will you see? Farm Tour 2018 includes stops at diverse agricultural businesses. There are locations that feature traditional farms, including those that raise fruits, vegetables, grain, cattle, and goats. Make-it; take-it crafts, hands-on demonstrations, and local agriculture samples will engage your hands, ears, eyes, and tastes.
